

Southern Company and its subsidiaries Alabama Power, Georgia Power, Gulf Power, and Mississippi Power are claiming that these reports contain “Confidential Business Information”. While EPA is working to resolve these claims with the company, the reports will not be posted. However, each unit and its structural integrity and hazard potential rating will be listed in the summary table [link to:

<http://www.epa.gov/epawaste/nonhaz/industrial/special/fossil/coalash-faqs.htm#18>] available in the FAQ section.
